LOIS FOLDING CHAIR RHOMBUS WOOD DARK BROWN

wood

Packages

1

Country of origin

VN

Additional description

Comfortable folding chair

Dark brown wood with mixed dark brown weave structure of polyethylene

Nice to combine with ottoman

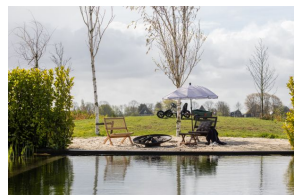

H 73 x W 60 x D 78 cm

The Lois chair from the WOOD collection is the ideal chair to completely unwind. The large seat and the slightly inclined seat ensure optimum seating comfort. The seat has a woven structure of polyethylene. The frame is made of wood.

The seat height is 35 cm, the seat depth is 39 cm and the seat width is 55,5 cm. It is a folding chair, therefore no assembly is necessary. The maximum weight of the chair is 100 kg.

The Lois chair is suitable for indoor and outdoor use. Protect the chairs against rain, night and winter with a plastic foil or protective cover. If possible, it is better for the furniture to hibernate indoors.

Tip: Always make sure that wooden furniture cannot stand in a puddle of water, or that water remains on the furniture after a shower. The water will migrate into the wood and will stain over time. These stains are not always easy to remove....
