LOIS FOOTSTOOL RHOMBUS WOOD DARK BROWN

Additional description

Comfortable ottoman
Dark brown wood with mixed dark brown weave structure of polyethylene
Nice to combine with folding chair
H 34 x W 45 x D 40 cm

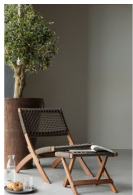

The Lois ottoman from the WOOD collection is an ideal addition to the Lois folding chair for optimum enjoyment of the sun. The stool comes flat. You have to 'unfold' it. You then click the legs into two metal clamps, so that the seat is clamped and the ottoman stands securely.

The height of the ottoman is not the same on both sides. One side: 34 cm, the other side: 30.5 cm.

The Lois ottoman is suitable for indoor and outdoor use. Protect the ottoman from rain, night and winter with a plastic foil or protective cover. If possible, it is better for the furniture to hibernate indoors.

Tip: Always ensure that wooden furniture cannot stand in a puddle of water, or that water remains on the furniture after a rainstorm. The water will migrate into the wood and will stain over time. These stains are not always easy to remove....
