The Fer side table is from the collection of the Dutch brand WOOD. The table is made from metal with a powder coated finish. This finish gives the table a modern and sleek character.

The occasional table has a tabletop with a diameter of Ø70cm and a thickness of 1cm. The leg height is 39cm. The thickness of the legs is 1.5 x 4 cm. The maximum weight of the occasional table is 30 kg.

For hard floors, place felt glides under the legs. This prevents damage to the floor. Because of the waterproof coating, the occasional table is also suitable for outdoor use....
