This fabric is the latest fabric version of the beautiful Rodeo seating series from the collection of Dutch brand BePureHome. This Rodeo Stretched footstool on legs is spacious, comfortable and contemporary. This Stretched footstool on legs has a beautiful, soft and rich fabric in a warm grey/brown hue. The unique finishing process gives the cushions of the Rodeo Stretched series a loose look, creating a relaxed, lived-in look. A footstool like this one is easy to move around and can serve as a relaxing ottoman or as an extra seat. Because the footstool stands on high legs, it shows subtly in the living room.

The legs are made of black metal. The seat height is 45 cm, the seat depth is 60 cm and the height of the armrests is 68 cm.

For hard floors, place felt glides under the legs. This prevents damage to the floor....
