This round side table is from the collection of the Dutch brand WOOD. With its practical size, the Dana occasional table is easy to grab. The metal leg has a matte black coating, with a strong protective effect. The round table top is made of mango wood and has a handy raised edge, which is nicely rounded.

Dana has a total height of 47 cm, the top has a diameter of 48 cm and a height of 4 cm. The raised edge is 2.5 cm higher than the leaf. The leg is 30 cm high and  $\varnothing$  26 cm. The narrow intermediate piece is 3 cm high and 12 cm in diameter. The part of the leg under the top is 10 cm high and  $\varnothing$  38 cm. The side table weighs 6 kg and has a capacity of 8 kg.

Combine the Dana side table with Dua, the same design in a different form. These two make a nice side table set....
