The metal leg has a matte black coating, with a strong protective effect. The round table top is made of mango wood and has a handy raised edge, which is nicely rounded off.

Dua has a total height of 54 cm, the top has a diameter of 53 cm and a height of 4 cm. The raised edge is 2.5 cm higher than the leaf. The leg is 40 cm high and \varnothing 36 cm. The narrow intermediate piece is 10 cm high and 19 cm in diameter. The occasional table weighs 7 kg and has a carrying capacity of 8 kg.

Combine the Dua side table with Dana, the same design in a different form. These two make a nice side table set....
