Additional description

Robust X-shaped candlestick

Made of aluminium with black nickel coating

Suitable for blunt candles ø3cm (candles not included)

H 30 x W 20 x D 8 cm

This coarse candlestick, of the Dutch brand WOOD, with its robust design is a true eye-catcher in the home. The organic X-shape is beautifully finished and has a stable position on the two legs. The legs have a height of 5 cm and a diameter of 6 cm. To protect the surface, place felt glides under the legs. The Don candlestick is made of raw aluminium, which was originally black. To protect and prolong the life of the candlestick, Don has been coated with a thin layer of black nickel, making it scratch- and wear-resistant as well as heat-resistant.

Don has a total height of 30 cm, a width of 20 cm and a depth of 8 cm. The two candle trays each have room for a blunt candle of ø3 cm. The candles are at 30 cm and 29 cm height from the base. Candles not included. Don weighs 2.2 kg and is also available in a Y-shape....
