## JAKE CANDLEHOLDER CERAMICS BLACK

wood

Packages 1

Country of origin CN

Intrastat Code 94055000

### Additional description

Playful candlestick with organic shape  
Ceramic with a black finish  
Exclusive candle  
H 13,5 x W 16 x D 4 cm

Give the most beautiful candle a well-deserved base with this Jake candlestick from Dutch brand WOOD. Jake is made of strong ceramic with a glazed black finish. This finish ensures the heat and stain resistance of the candlestick. The organic shape makes it look like the candle has legs. It is recommended to place felt gliders under the legs to protect the surface.

Jake has a height of 13,5 cm and a width of 16 cm. The frame has a diameter of 4 cm. There is room for a candle of  $\varnothing$ 1,5 cm. The candlestick weighs 180 grams. Candlestick Jake is easy to keep clean by regularly dusting or wiping with a lukewarm damp cloth. Do not use detergents, they can damage the coating....
