## Additional description

Naturally shaped tree trunk table  
Solid untreated oak  
With metal 2 leg  
H 75 cm x W 160 x D 90 cm

The oak (fsc) tree trunk table Tablo by WOODOO has a tough, robust appearance. The edges on the long side of the tree trunk table top have retained their original contours. This makes each leaf unique and a real eye-catcher. Please note: This solid oak tabletop is 160 cm long, 90 cm wide and 3 cm thick. Unevenness, cracks and knots are inherent to this natural product.

The Tablo 2 leg square, (hxwxd) 72x79x10 cm, is made of 50x50x1 mm steel tube, KD structure and is powder coated matt black. This table leg weighs 6.1 kg. This table has a total weight of 33.7 KG and a load capacity of 100 KG.

The table is delivered in three packages and is easy to assemble with the help of the simple assembly instructions....
