Each item from the papier mâché series is unique. Unique in size, finish and texture. This is because the papier mache items from the collection by Dutch brand BePureHome are entirely made by hand. This technique ensures that the papier mâché items may vary in size by a few centimetres from the product information. The Argos bowl set consists of three bowls in various sizes. Make sure that the papier mache items do not come into contact with water. These Argos bowls are therefore very suitable for dried flowers or other accessories.

The largest bowl has a height of 15 cm and ø 40 cm. The middle size is 14 cm high and ø 35 cm. The smaller version is also 14 cm high and ø 30 cm. Dimensions may therefore differ slightly from the supplied Argos bowls. The thickness of the papier mache is 1 to 2 cm. The bottom of the bowls differs between ø 16 cm and ø 10 cm....
