## FLORA TABLE LAMP METAL GLASS GREY

woood

Dimensions	43x20x20
Material	metal/glass
Color finish	grey
Packages	1
Country of origin	IN

### Additional description

Atmospheric light point with a clean design  
Made of metal with a glass lampshade  
Beautifully finished with matt gold details  
H 43 cm x ø 20 cm

The Flora table lamp is just as elegant as its name. This latest addition to the collection by Dutch brand WOODOO is a true eye-catcher with its stylish design. The base of the lamp is made of strong metal with a white finish. The matt gold edging frames the heavy glass dome. The glass shade can be unscrewed, making it easy to install and replace the light source.

The Flora table lamp has a height of 43 cm, the white base is 15 cm. The matte gold rim has a height of 3 cm and the glass dome is 25 cm high. The width/depth of the lamp is 20 cm. At the bottom of the Flora table lamp there is a black fabric cord with a hand switch. The table lamp is suitable for a light source with an E27 fitting, which is not included.

To protect the base, place felt gliders at the bottom....
