Each item in our papier mâché series is unique. Unique in size, finish and texture. This is because the papier mache items from the collection by Dutch brand BePureHome are entirely made by hand. The Harire vase is a spherical deco with a narrow opening. Make sure the papier mache items do not come into contact with water. The Harire vase is therefore very suitable for a beautiful bunch of dried flowers or dried branches.

The Harire vase has a height of 45 cm and is 15 cm ø at the widest point. Harire is available in a bright white colour and in a warm clay tone....
