Meet the Family! The Family sofa elements of the Dutch interior design brand vtwonen can be combined endlessly. Family has several element options which are upholstered on all sides, so you can easily place an element loose in the room. The elements are easy to connect by the crocodile jaws at the bottom. The Family elements are upholstered in a woven fabric, with a washed appearance, of 100% polyester and with a Martindale of 90,000. The five greyish shades create a warm look in every interior. How big will your Family be?

This stool has a total height of 44 cm and is 90 cm wide. The depth of the total element is 98 cm. The loose seat cushion with zip is 20 cm thick.

The legs under the Family elements are 3 cm high and have a diameter of 4 cm. To protect hard floors, place felt gliders on the underside. The cushion cover has a zip and can be washed at 30 degrees with a neutral detergent. Do not put the cushion cover in the dryer or dry in direct sunlight, as this can cause discolouration of the fabric. Impregnation of the sofa is not necessary....
