Meet the Family! The Family sofa elements of the Dutch interior brand vtwonen are endlessly combinable. Family has several element options which are upholstered on all sides, so you can easily place an element loose in the room. The elements are easy to connect by the crocodile jaws at the bottom. The Family elements are upholstered in a woven fabric, with a washed appearance, of 100% polyester and with a Martindale of 90,000. The five greyish shades create a warm look in every interior. How big will your Family be?

This 1-seater element with an armrest on the right has a total height of 85 cm and is 115 cm wide. The depth of the total element is 98 cm. The loose back cushion with zip has a comfortable thickness of 20 cm and is very soft. The loose seat cushion with zip is also 20 cm thick. The seating area is 90 cm wide and 66 cm deep. The seat height of the Family elements is 44 cm. The armrest has a total height of 62 cm and a width of 27 cm.

The legs under the Family elements are 3 cm high and have a diameter of 4 cm. To protect hard floors, place felt glides on the underside. The cushion covers have a zip and can be washed at 30 degrees with a neutral detergent. Do not tumble dry or dry in direct sunlight, as this can cause discolouration of the fabric. Impregnation of the sofa is not considered necessary....
