The generous Arie hanging lamp, from the collection by Dutch interior brand WOODO, is a true eye-catcher in any space. Arie is made of organically shaped metal with a grid effect. This makes the pendant lamp seem airy and as light as a feather. There is room for three light sources with an E14 fitting and a maximum of 25W. Light sources are excluded.

The Arie pendant lamp has a height of 40 cm and a diameter of 50 cm. The black synthetic wire has a length of 150 cm and leads to the round ceiling cap of 2x10 cm (hxø). Inside this ceiling cap you can easily adjust the wire. The Arie pendant lamp is formed from three metal strips, each with a width of 12.5 cm.

The Arie pendant lamp is covered with a user manual carefully before use.
