The Jente chest of drawers is a must-have for collectors. This generous chest of drawers comes from the collection of Dutch interior design label WOOD and, with its five drawers, offers an abundance of hidden storage space. The Jente chest of drawers is made from strong, FSC-certified pine and finished in a deep black. The five drawers are fitted with a silent soft-close system and an invisible handle.

The Jente chest of drawers is 120 cm high, 83 cm wide and 46 cm high. The five drawer fronts are each 20x83 cm (hwx). There is a space of 15x76x38 cm (hxwx) in each drawer.

The WOOD Jente chest of drawers is supplied as a kit with simple assembly instructions. To protect hard floors, place felt glides on the underside....
