Stylish, timeless and modern. These are the key words of the Finca series. The Finca series comes from the collection of the Dutch interior design label WOOOD and is made of natural pine. The Finca items are finished in a matt coating with a deep black colour. The clean lines of the Finca furniture are not interrupted by handles; a modern push-to-open system enables the doors and drawers to be opened and closed silently.

The Finca TV furniture, with a width of 100 cm, is the largest size of the three TV furniture versions. The TV furniture has a height of 40 cm and a depth of 39,5 cm. This makes the three variants easy to combine and makes it easy to put together a TV unit in the size you want.

The TV furniture has two spacious drawers, each with a capacity of 11.5x93x30 cm (HxWxD). The bottom edge of the Finca TV cabinet leaves 7 cm space at the front, which gives the impression that the TV cabinet is floating.

Each drawer has a maximum load-bearing capacity of 10 kg when the weight is evenly distributed. Each piece of furniture from the Finca Furniture range is delivered as a simple construction kit with clear assembly instructions. Sliding the furniture can cause scratches on hard floors, place felt gliders on the bottom for protection....
