Additional description

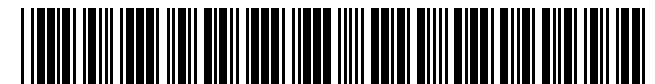

BePureHome's new Rodeo series is modern, tough and contemporary. This 1.5 seater armchair is generous and features a sturdy fabric, Recycled leather. Thanks to her slim frame and loose cushions, the armchair shows subtly in the living room. The legs are made of black metal. The seat height is 45 cm, the seat depth is 60 cm and the height of the armrests is 68 cm.

What is Recycled Leather?

When cutting the patterns out of the skins, factories are left with remnants. These remnants are shredded and from this we make a new fabric: Recycled leather. Recycled leather consists of 70% genuine leather and 30% polyester. The fabric is made up of two materials: the underlayer consists of recycled genuine leather, which gives it its natural and unique appearance. The leather is protected by a polyester coating which prevents unevenness and makes it a sturdy combination fabric.

Maintenance: Recycled leather cannot be treated with grease for leather. Recycled leather can be maintained as follow: a damp cloth can be used to clean the fabric. In case of stains, you can use a neutral soap solution to remove the stains. After removing the stain, wipe the fabric with a damp cloth. The Rodeo series consists of this loveseat, a 3-seater sofa, a 2.5-seater sofa, the 120x60 Rodeo stool and the Rodeo dining chair.
