GIJS FARMER CABINET ROUGH SAWN PINE BLACK [fsc]

The mark of responsible forestry

wood

Color finish

off black

#### Additional description

Storage cupboard Gijs has a sturdy appearance due to the beautiful look and coarsely sawn finish. The cabinet is equipped with 4 chipboard laminated shelves. The backside is made of MDF. The finish gives the furniture a vintage look, and unevenness and small cracks can be extra visible. These are characteristics of coarsely sawn wood. Each item is therefore unique! The cabinet is supplied as separated elements with clear assembly instructions....
