The Celine armchair is a very attractive seat. The Celine comes from the collection of the Dutch interior brand WOOD and is made of a super soft teddy fabric in off white. The wing chair is visibly and tangibly comfortable. The teddy fabric is made of 100% polyester and has four sturdy wooden legs. The legs have a light wood colour, which gives the whole a peaceful look.

The Celine wing chair has a total height of 83 cm and is 80 cm at its widest point. Celine has a seat height of 44 cm, a seat width of 61 cm and a seat depth of 52 cm. Great for hours of relaxing fun!

To protect hard floors, place felt glides under the legs. The teddy fabric requires careful care due to its light colour and high pile. In case of stains, let a moist towel absorb the stain; rubbing is strongly discouraged....
