Double your Madu bookcase in space and size. Madu is a stylish, modern bookcase from the collection of the Dutch brand WOOD. Madu is made of pine with a cloud-grey finish. This gives the cabinet a timeless look. The gold-coloured knobs in combination with the light-coloured pine also give the cabinet a modern and sturdy character. The open shelves at the top provide space for displaying accessories. With this extension you can easily double the storage space and size. In this way you create a seamless cabinet wall of format.

The Madu bookcase including extension package has four doors with gold-coloured knobs. Behind these doors are 2x2 shelves. The spaces have a width of 75 cm and a depth of 33 cm.

For hard floors, use felt glides at the bottom. This prevents damage to the floor. The article is delivered as a simple construction kit with clear assembly instructions...
