cloud grey

## Additional description

Stylish open bookcase  
Combination of pinewood and metal  
Lots of storage space: with 4 shelves  
H 200 cm x W 79.6 cm x D 35 cm

Madu is a stylish, modern bookcase from the collection of the Dutch brand WOOD. Madu is made of pine with a cloud-grey finish. This gives the cabinet a timeless look. The gold-coloured knobs in combination with the light-coloured pine also give the cabinet a modern and sturdy character. The open shelves at the top provide space for displaying accessories.

Madu has two doors with gold-coloured knobs. Behind these doors there are two shelves. The spaces are 75 cm wide and 33 cm deep.

For hard floors, use felt glides at the bottom. This prevents damage to the floor. The article is delivered as a simple construction kit with clear assembly instructions....
