Madu is a stylish, modern chest of drawers from the collection of the Dutch brand WOOD. Madu is made from pine with a cloud-grey finish. This gives the cabinet a timeless look. The gold-coloured knobs in combination with the light-coloured pine also give the cabinet a modern and sturdy character.

Madu has four spacious drawers with gold-coloured knobs. The drawers are 86 cm wide and 48 cm deep.

For hard floors, place felt glides under the legs. This prevents damage to the floor. The article is delivered as a simple construction kit with clear assembly instructions....
