Madu is a stylish, modern wardrobe from the collection of the Dutch brand WOOD. Madu is made from pine with a cloud-grey finish. This gives the wardrobe a timeless look. The gold-coloured knobs in combination with the light-coloured pine also give the wardrobe a modern and sturdy character.

Madu has two doors with gold-coloured knobs. Behind these doors there are 4 shelves, a hanging section and a spacious drawer. The compartments are 190 cm wide and 50 cm deep. The hanging space and half-shelves are 79 cm wide.

For hard floors, place felt glides under the legs. This prevents damage to the floor. The article is delivered as a simple construction kit with clear assembly instructions....
