Robust, sturdy and generous. This coarse dining table from the collection of the Dutch brand vtwonen is a real mood enhancer in the dining area. The Deck Round dining table looks solid and the light grey clay shade immediately creates a timeless look. This subtle colour matches well with various fabrics and colours, so plenty of combination possibilities with dining chairs!

## Material

The Deck Round dining table is made of mango wood with a grey clay-coloured finish. Mango wood is known for its sustainable growth and long durability. Mango wood is also characterized by clearly visible grain and colour nuances. The grains or dark lines and knots make every mango wood item unique. Mango wood is very strong and one of the harder woods, therefore a mango wood item will not easily be damaged.

## Dimensions

The dining table has a height of 78 cm, the table top is 5,5 cm thick. The tabletop has a diameter of 120 cm. The sturdy leg is 72,5 cm high and 10x10 cm thick. The height of the lower legs is 13 cm at the frame and 4 cm thick at the ends.
