The Scroll dining chair is a feast for the eyes with its sturdy, robust design. The dining chair of the Dutch interior brand vtwonen has a wooden frame with a striking edge around the seat. The wood is finished in a black colour. The seat is comfortable and upholstered in a warm grey, woven fabric. Very easy to maintain and child friendly.

The Scroll dining chair is 76 cm high, 53 cm wide and 50 cm deep. The seat height and seat width are 46 cm, the seat depth is 40 cm, which provides an active seat. The comfortable position of the back and armrests gives the Scroll dining chair a secure feeling. The backrest is 33 cm high when measured from the seat. The four stable legs of the Scroll dining chair are 37 cm high and have a diameter of 3.5 cm.

To protect hard floors, place felt glides under the legs. This prevents damage. The woven fabric of the seat and armrests are easy to keep clean with a furniture brush. For stains, use a slightly damp cloth and a dabbing motion....
