Multifunctional and flexible, these are the characteristic words of this generous side table set of three. The Pim side tables come from the collection of the Dutch interior brand WOOD and with their different sizes are very flexible. Place them as a playful whole in the center of the seating area or take them apart to use as a plant table or stage for your most beautiful decorations.

Material

The Pim side tables are made of a combination of ash wood and MDF. The tables are finished in a matte black shade with a strong coating. This makes the color very durable and the tables can take a beating. Ideal for a household with children or pets.

Dimensions

The largest side table is also the lowest variant, it has dimensions 30x70x70 cm, height x width x depth. The middle size is 35 cm high and 55 cm square. The smallest and also highest variant is a cube of 40 cm each side. The three tables are each hollow inside and can be stacked like matryoshkas, saving space!

Maintenance

You can keep the Pim side tables dust-free with a clean, dry cloth. Stains from, for example, a damp glass are easy to remove with a slightly damp, clean cloth. Drying the tables afterwards ensures a streak-free result.

Delivery

The Pim side tables are delivered in one package, fully assembled. The tables ...
