

200340-A

RANDY CORNER SOFA RIGHT ANTHRACITE

Additional description

- Stylish, spacious corner sofa
- Tough canvas (60% cotton /40% linen)
- Available in right and left version
- H 81 cm x W 282 cm x D 196 cm

The Randy corner sofa immediately creates character and atmosphere. This stylish corner sofa comes from the collection of the Dutch brand Basiclabel. With its strong canvas fabric (Martindale: 24,000) of a cotton and linen combination, you will have an attractive item in your home. The fabric is stonewashed, which means that each fabric bath leaves its own original characteristics in the fabric. Because of this dyeing technique, the fabric is not colourfast. The seat cushions have a filling of firm foam (T3542/HR3020) with breathable qualities. This type of foam quickly assumes its original shape, making the sofa suitable for years of seating pleasure.

The corner sofa has synthetic legs of 4.5 cm high. The seat height of the sofa is 44 cm. The seat width of the sofa is 246 cm. The seat width of the corner sofa with longchair is 159 cm, so there is more than enough space for the whole family. The seat depth is 58 cm. The armrest has a height of 60 cm and a width of 25 cm.

The corner sofa is delivered in two separate parts. These are easy to connect by means of a bracket. To protect hard floors, place felt protectors under the legs....
