Looking for a compact dining table for sociable dinners in a small group? Then the Nena dining table from the collection of the Dutch brand Basiclabel is your match! Nena takes little space but brings a lot of fun with it because of its round shape.

Material

Nena is made of a combination of two strong materials. The sturdy round leg is made of metal with a matte black powder coating, very easy to maintain and offers great stability. The table top is made of wood with a matte black lacquer, the grain markings are clearly visible which gives a warm, natural look.

Dimensions

Nena has a total height of 77 cm, the top is 2 cm thick and has a subtle slope at the bottom. No sharp edges! The metal leg is 75 cm high and extends to a diameter of 49 cm.

Maintenance

Powder-coated metal is very easy to maintain. You can easily keep the item clean on a weekly basis with a dry, clean cloth. Do not use any chemical cleaning agents, as these may damage the powder coating. The wooden table top is easy to clean with a slightly damp cloth and possibly a neutral detergent for stubborn stains.

Delivery

The Nena dining table is delivered in two packages. Nena is easy to assemble by using the clear assembly instructions ^{nl}
