Additional description

- Robust TV cabinet
- Made of recycled wood
- Mat black metal legs
- H 48 cm x W 150 cm x D 44 cm

This sturdy Maddox furniture comes from the collection of the Dutch brand Basiclabel. The Maddox TV furniture is a true eye-catcher because of the top half of robust, recycled wood. The characteristics of rough recycled wood can be seen in the knots, grains and cracks in the surface. The TV furniture has a light transparent wax coating for protection, but requires very careful maintenance. Moisture quickly penetrates the wood, which can lead to unsightly rings.

The Maddox TV cabinet has a height of 48 cm. The legs are 18 cm high and taper from \varnothing 3 cm at the top to \varnothing 2 cm at the bottom. The top has a width of 150 cm and a depth of 44 cm. The left front has a flap with milled handles, the flap has hinges at the bottom and a guide on the left inside. The content behind the flap is (hwxwd) 25x71x42 cm. The front on the right is divided into two open compartments, both with a height of 11 cm, width of 73 cm and depth of 40 cm. The wooden frame is 2 cm thick.

To protect hard floors, place felt glides under the legs (\varnothing 2 cm)....
