Additional description

Tough coffee table with clean lines
Made of natural mango wood
Also available in a smaller version
H 30 x W 150 x D 60 cm

With this robust coffee table you can easily fill the empty space between the sofa and the TV cabinet. The coffee table is made of mango wood and has retained its natural characteristics through the transparent coating. This coating makes sure that the coffee table is protected against stains, scratches and water - handy! However massive the table may appear, nothing could be further from the truth. The coffee table is hollow, which limits its weight to 33 kg.

The coffee table is 150 cm wide, 60 cm deep and 30 cm high. The top and foot are both 15 cm high. The base measures 130 cm by 36 cm. Because of the massive design, the maximum load capacity is 40 kg....
