- Made of solid pine wood
- H 210 cm x W 40 cm x D 40 cm

Stylish, timeless and modern. These are the key words of the Finca series. The Finca series comes from the collection of the Dutch interior design label WOOD and is made of natural pine. The Finca items are finished in a matt coating with a deep black colour. The clean lines of the Finca furniture are not interrupted by handles; a modern push-to-open system enables the doors and drawers to be opened and closed silently.

The Finca open shelving unit is a true showpiece in the living area. The open shelves are playfully arranged to present your most beautiful home decoration. The door keeps another spacious storage space out of sight. The compartments have different widths and a depth of 37 cm each. The bottom edge of the cabinet leaves 7 cm space at the front, which makes the cabinet seem to float.

Each shelf has a maximum load-bearing capacity of 10 kg if the weight is evenly distributed. Each piece of furniture from the Finca furniture series is delivered as a simple construction kit with clear assembly instructions. The sliding of the furniture can cause scratches on hard floors, place felt gliders on the bottom for protection....
