- Made of solid pine wood
- H 210 cm x W 78 cm x D 40 cm

Stylish, timeless and modern. These are the key words of the Finca series. The Finca series comes from the collection of the Dutch interior design label WOOD and is made of natural pine. The Finca items are finished in a matt coating with a deep black colour. The clean lines of the Finca furniture are not interrupted by handles; a modern push-to-open system enables the doors and drawers to be opened and closed silently.

The Finca storage cabinet with round element is a real showpiece in the living area. The open compartments are evenly divided to present your most beautiful home decoration. The three doors keep another spacious storage space out of sight. The compartments are 32 cm high and 37 cm deep. The bottom edge of the cabinet leaves 7 cm of space at the front, giving the cabinet the appearance of floating.

Each shelf has a maximum load-bearing capacity of 10 kg if the weight is evenly distributed. Each piece of furniture from the Finca furniture series is delivered as a simple construction kit with clear instructions that can be scratched on...
