PEM ARMCHAIR ALUMINIUM BLACK

wozod

Additional description

- Relaxed armchair for outdoors
- Made of aluminium with a matt black coating
- Comfortable seat with armrests
- H 75 cm x W 62 cm x D 78 cm

A relaxing armchair for the long summer evenings. The Pem armchair with armrests comes from the outdoor collection of the Dutch company WOOD. Pem has a relaxed seat and a timeless look. Can you already see yourself sitting there?

Material

Pem is made of strong aluminium with a matt black powder coating. This strong material can take a beating, but will probably not withstand the winter period.

Dimensions

The Pem armchair is 75 cm high, 62 cm wide and 78 cm deep. The front of the seat is slightly higher than the back, which makes for a relaxing seat facing the sun.

Maintenance

Powder-coated aluminium is very easy to maintain. You can easily keep the item clean on a weekly basis with a dry, clean cloth. Do not use any chemical cleaning agents, as these may damage the powder coating. Dry any damp spots well immediately, this prevents rings. Also protect the furniture from rain, night and the winter period with a plastic film or protective cover. If possible, it is better for the furniture to hibernate indoors.

Delivery

The Pem armchair is delivered in one package. Assemble Pem easily yourself with the supplied assembly instruction. When using it indoors, place felt gliders at the bottom. This prevents damage....
