# BENSON SIDEBOARD PINE BLACK [fsc]

The mark of responsible forestry

wood

EAN

8714713133512

Dimensions

85x177x46

Material

Pine brushed

Color finish

matte black

## Additional description

- Robust and sturdy sideboard
- Made of solid Scandinavian pine (FSC)
- Part of the Benson series
- H 85 x W 177 x D 46 cm

This sideboard is part of the Benson furniture series from the collection of the Dutch brand WOOD. The Benson series is known for its robust, tough look of matte black wood.

## Material

The whole series is made of a combination of solid Scandinavian pine (FSC), lacquered HDF and melamine chipboard. The pine furniture in our collections is FSC-certified and is treated in various ways. The Benson series of brushed pine is known for its characteristic grain pattern and weathered appearance. Pine wood is characterised by a light yellow colour and visible flame markings. The matte black finish means that these grain markings can still be seen in slight relief.

## Dimensions

The sideboard is 85 cm high, 177 cm wide and 46 cm deep. Behind the four doors, there is plenty of space for things you would rather keep out of sight.

## Maintenance

Untreated pine wood has a ... order to extend...
