Country of origin

PL

Additional description

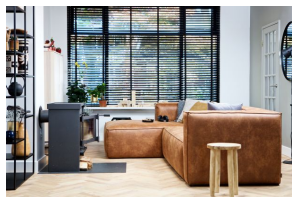

This corner sofa Bean comes from the collection of the Dutch brand WOOD. With this super cool corner sofa in Recycle leather you have a true eyecatcher at home! And for everyone there is room. This corner sofa is available with the corner on the left or with the corner on the right. It is a very sturdy and comfortable sofa, made of recycled leather. The width of the armrest and thickness of the back is 22 cm. The sofa has a seat depth of 66 cm, the chaise longue is 112 cm wide at the end, the seat depth of the chaise longue part is 145 cm and the seat height of the sofa is 46 cm.

The frame is composed of chipboard, beech and pine. Sandwich foam is used, T3042 standard hard foam with high durability + HR3032 soft foam with high elasticity and dynamic shape retention. The seat is filled with foam 3037 normal foam, fibre 600 gr + HR3032 highly elastic soft foam with high user comfort. The sofa has zigzag suspension. The Bean corner sofa sofa has a very comfortable seat. This sofa stands on plastic legs.

What is recycled leather?

When cutting the patterns of the hides, factories have leftovers. These remnants are crushed and we make a new fabric: Recycled leather. Recycled leather consists of 70% real leather and 30% polyester. The fabric is made up of two materials: the base layer consists of recycled genuine leather, which gives it a natural and unique look. The leather is protected by a polyester coating which prevents unevenness and makes it a ...
