MAPLE FOREST POSTER 45,5x65,5 CM

Country of origin

NL

Additional description

- Romantic, subtle artwork
- Printed on PH-neutral paper
- Coloured with water-based pigment
- H 65,5 cm x W 45,5 cm x D 210 grams

The artwork collection of the Dutch label BePureHome has been expanded with three very fine artworks. Artwork Maple Forest is a design of pressed maple leaves, worked out in the greyish beige collection colour Granite. The poster is available in three sizes, which are stylishly displayed in the BePureHome poster frames.

Material

The BePureHome artworks are printed on PH-neutral paper with a thickness of 210 grams. The museum-quality paper gives visible luxury to the striking prints. Innova's acid-free paper has a natural white tint and a light, velvety texture. The prints are coloured with water-based pigment and a matt, one-sided coating. This makes the poster highly visible from various viewing angles. The paper is very lightweight but remarkably sturdy, a perfect composition for framing the poster.

Dimensions

The Maple Forest artwork has a width of just over 45 cm and a height of just over 65 cm. This size fits perfectly in a poster frame of 50 cm wide and 70 cm high. Keep this in mind when purchasing a suitable frame or poster clamp.

Maintenance

It is advisable to treat the acid-free paper with great care. Avoid sharp objects; long fingernails can also damage the paper. Also moisture, dirt and grease can leave permanent damage on the poster. M...
