MACY TABLE LAMP RATTAN LOOK BLACK

wood

Material

iron wire + paper rattan

Color finish

black

Additional description

- Stylish base for table lamp
- Imitation rattan with black finish
- Suitable for an E27 light source (exclusive)
- H 44 cm x Ø 31 cm

Striking and very generous, that's this Macy table lamp base from the Dutch brand WOOD. Macy has a deep black colour which looks very stylish. The best thing about Macy is the artistic, woven look. Combine the foot with a stylish sleek lampshade or expand this expressive item with a striking shade, it's your creation!

Material

Macy is made of imitation rattan, this means that Macy is formed from steel wire wrapped in rattan paper. This ensures that the lampshade is very strong and stays in shape. The socket is made of plastic and finished in a matte black colour. The cord is attached to the bottom of the socket and finds its way out through an opening at the bottom of the base. The cord is connected to a hand switch.

Dimensions

The Macy lamp base is 44 cm high and 31 cm round at its widest point. The black fitting is Ø 6 cm and suitable for an E27 light source with a maximum of 230V, 60W. The black cord has a total length of 191 cm, from lamp to socket. The manual switch is 84 cm from the lamp base.

Maintenance

Keep Macy dust-free with a clean, dry cloth. Avoid contact with moisture, this may cause the rattan paper cover around
