CRES COFFEETABLE ALUMINIUM ANTIQUE BLACK / BROWN

basiclabel

Packages 1

Country of origin IN

Intrastat Code 94032080

Additional description

- Very spacious coffee table
- Made of robust aluminium
- Finished in an antique black hue
- H 40 cm x Ø 100 cm

The royal coffee table Cres is from the collection of the Dutch interior brand Basiclabel. Cres is made of very strong aluminium and has been given a tough weathered look at the top of the table. The special coating gives Cres a weathered look and has a beautiful, deep colour mixture between black and brown.

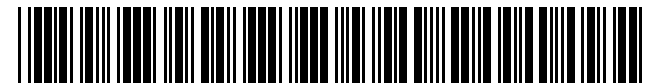

Material

The metal in our collections has various finishes, such as powder coating and brass/antique brass. A powder coating provides a luxurious matt look and protects the metal for life. A powder coating is a lacquer that is bonded to the metal using high temperatures. The antique brass finishes from our collections are applied to the metal with a mixture of copper and zinc, which can then be finished in a brushed look, matt or shiny. Antique brass gives a weathered golden appearance to the furniture.

Dimensions

The coffee table is 40 cm high and the table top is no less than one metre in diameter. The top is 20 cm thick and has a slightly weathered appearance. The four legs are each 38 cm high and Ø3 cm at the top, Ø1.5 cm at the bottom.
