The mysterious matt sheen of an antique brass coating continues to amaze. Again with this slim plant stand from the BePureHome collection. Plain has a coarse and robust design, but looks very elegant because of the matte gold colour.

Material

The metal in our collections has various finishes, such as powder coating and brass/antique brass. The antique brass finishes in our collections are applied with a mix of copper and zinc on the metal, which can then be finished in a brushed look, matt or shiny. Antique brass gives a weathered golden appearance to the item.

Dimensions

The Plain plant stand has a height of 80 cm and a width and depth of 25 cm. The top is 5 cm thick. The metal frame has a thickness of 5 cm and is slanted inwards on all sides. The legs on the inside are 70 cm high and the foot another 5 cm. The underside is open.

Maintenance

All our metals in the collection have been thoroughly treated and do not require any re-treatment. Should the metal be damaged, please consult a specialised paint shop. Treated metal is easy to keep clean with a slightly damp cloth and a mild detergent, drying the surface afterwards will ensure a streak-free result.
