Organic design immersed in an antique gold colour bath. The Course series not only looks very luxurious, the light distribution of this lamp collection certainly draws attention. These striking lamps come from the collection of the Dutch interior brand BePureHome. Playfully shaped metal strips that reflect the light several times, are you ready for a little magic in the dark?

### Material

The metal in our collections has various finishes, such as powder coating and brass/antique brass. The antique brass finishes in our collections are applied with a mix of copper and zinc on the metal, which can then be finished in a brushed look, matt or shiny. Antique brass gives the furniture a weathered golden appearance.

### Dimensions
