## GLAZED STOOL CERAMICS ASHES 43xØ33CM

Country of origin

CN

### Additional description

- Surprisingly retro ceramic stool
- Glazed ceramic
- Practical as a side table and stool
- H 43 cm x Ø33 cm

This Glazed stool is a surprising item in the interior! The stool comes from the collection of the Dutch brand BePureHome. The stool is made of ceramic in an ash-grey hue. The stool has a glossy, glazed finish. Because each item is handmade, the finish may vary from the picture. Each item is therefore unique!

### Material

Ceramics are formed from modelled, fired clay. The ceramic items from our collections are glazed with a matte or glossy layer, this ensures a striking appearance and an extra protection of the material. Our ceramic items are suitable for indoor and outdoor use, but are not resistant to hard rain and frost. Ceramics are extremely heat-resistant but can be fairly porous if handled roughly, so careful maintenance is recommended.

### Dimensions

The Glazed stool has a seat width of 33 cm and a seat height of 43 cm. The maximum weight of the stool is 100 kg.

### Maintenance

Ceramic items are easy to keep clean by using lukewarm soapy water and a soft cloth. Drying the surface afterwards ensures a streak-free result. Is the ceramic damaged? You can fill up scratches with a repair fluid for ceramics, but this does not give an invisible result.

### Delivery

The stool is delivered in one glider...
