Create your ideal dining area with the Tablo table elements from the Dutch brand WOOD. Simply choose your desired table top and frame for the perfect combination. For example this deep black version. The Tablo Blacknight is made of FSC-certified oak finger joint.

Material

Oak wood is characterised by its light brown tint with a soft yellow glow and clearly visible grain pattern. Oak wood generally dries very slowly, which can cause the natural process of cracking and discoloration. Oak is a natural product which deserves a visible stage, which is why we only use natural-based lacquers and coatings which show off the grain marks and natural characteristics of oak. The oak wood in our collections is always 100% FSC-certified.

Dimensions

The Tablo Blacknight table top has a thickness of 2.4 cm and a surface area of 160x90 cm. Enough seating for four to six people.
