Looking for an all-round occasional table? Then look no further, the Mesa collection by Dutch interior label WOODOOD offers the perfect solution. Mesa is available in multiple sizes and colour finishes, so you will always find the perfect variant for your living space!

Material

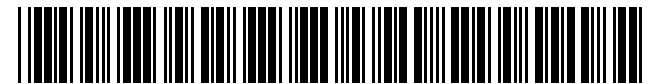

The tabletop of the Mesa is made of strong MDF, the legs are made of pine. The pinewood items in our collections are FSC-certified and are treated in various ways. For example, sanded pine is very smooth and tidy, while brushed pine is known for its characteristic grain patterns and weathered appearance. For an even more robust look, pine wood is band sawn. Pine is characterised by a light yellow colour and visible flame markings.

Dimensions

This generous side table has a height of 34 cm and is 60 cm in diameter. The table top has a raised edge of 2 cm high. The legs have a height of 31 cm and run from the top ø 3 cm tapering to ø 1.5 cm. The side table has a carrying capacity of 10 kg when evenly distributed. The table itself weighs just under 4 kg.
