- MDF table top and ash wood legs
- Available in several sizes and colours
- H 41 cm x W 41 cm x D 41 cm

Sasha is the name of the occasional table! The successful Sasha side tables by Dutch interior brand WOOD are recognisable by their stylish design. The raised edge ensures a playful effect and the safety of your glass. The Sasha series is recognisable by its timeless look, trendy colours and wide range of formats.

Material

The tabletop of the Sasha is made of strong MDF, the legs are made of ash wood. Ash is a slightly soft wood with a straight grain. The straight grain pattern ensures that ash wood can be bent well, this makes ash wood very suitable for the furniture industry. Treated ash wood is strong and hardwearing, but untreated ash wood can show a lot of movement and quickly yellow. Sanded ash gives a neat, smooth look. Brushed ash has more character and band sawn ash has a very robust and rough look.

Dimensions

This Sasha has a height, width and depth of 41 cm. The legs are 38 cm high. The edge of the table sticks out 2 cm above the table top. The table weighs just over one kilo.

Maintenance

MDF and treated ash wood are easy to clean with a slightly damp, clean cloth. Stains on untreated ash wood can be removed with an absorbent, clean cloth. F...
