Friendly shape, comfortable seating and silky soft upholstery. These are the distinguishing features of the Sloping corner sofa! The Sloping series comes from the collection of the Dutch interior label BePureHome and is a true eyecatcher in your living space. The rounded, sleek design gives this comfy sofa a modern look. Simple and significant, Sloping.

### Material

The Sloping corner sofa is constructed from a combination of solid wood [fsc], particleboard [fsc], polyurethane foam with a density of 25 kg/m<sup>3</sup> and a zigzag spring. The seat contains a polyurethane foam with a density of 30 kg/m<sup>3</sup> (T3037). The Sloping series is upholstered in a woven chenille with a Martindale of 38,000. The Savoï woven fabric is composed of 100% polyester chenille, which gives the fabric a soft grip. The clearly visible weave pattern is given an extra dimension by the striking hues. These color shades provide a tough look. Because the fabric is colored per thread, the Savoï is known for its color fastness.

### Dimensions

The generous corner sofa has a total height of 77 cm, width of 225 cm and depth of 87 cm. The corner section has an overall depth of 187 cm. The seat height is 43 cm. The seat is divided into two elements, the corner piece has a width of 87 cm and the straight bench piece ...
