### WARNING tipping hazard!

For cabinets higher than 70 cm, we recommend paying extra attention to the wall mounting. Mounting the fall prevention prevents accidents and keeps the cabinet from tipping over.

### Material

Mango wood is known for its warm golden brown colour, sustainable growth and long durability. Mango wood is also characterized by clearly visible grain and colour nuances. The grains, a yellow glow or dark lines and knots make every mango wood item unique. Mango wood is very strong and one of the harder woods, therefore a mango wood item will not easily be damaged.
