Create your ideal dining area with the elements from the Tablo series by Dutch interior design brand WOODOOD. Tablo has many combination possibilities and various sizes available to furnish your dining area in an exactly fitting manner. Choose, for example, this sleek mango wood variant with the slender Utrecht leg for a timeless effect.

Material

Mango wood is known for its warm golden brown colour, sustainable growth and long durability. Mango wood is also characterized by clearly visible grains and colour shades. The grains, a yellow glow or dark lines and knots make every mango wood item unique. Mango wood is very strong and one of the harder woods, therefore a mango wood item will not easily be damaged.

The metal of our collections is made of brass. A powder coating process is used. The powder coating is a lacquer that is bonded to the metal using heat.
