Tablo has many combination possibilities and various sizes available to furnish your dining area exactly as you like it. Choose, for example, this generous tabletop with stylish sloping curve edge!

Material

Oak is characterised by its light brown shade with a soft yellow glow and clearly visible grain. Oak generally dries very slowly, which can cause the natural process of cracking and discolouration. Oak is a natural product that deserves a visible stage, which is why we only use natural-based lacquers and coatings that show off the grain marks and natural characteristics of the oak wood. The oak wood in our collections is always 100% FSC-certified.

Maintenance

Treated oak is very easy to maintain. Keep the furniture regularly dust-free with a clean, dry cloth. Remove damp stains immediately with a slightly damp cloth and neutral detergent, allow the wood to air dry. Always apply the basic protection for wood, such as using a trivet under a drinking glass or hot pan. In case of damage, consult a specialised paint shop for possible re-t
