LUMPS ROUND WALL LAMP GLASS

Material

metal/glass

Color finish

black

Additional description

- Wall lamp with a retro design
- Made of metal with a matt black finish
- Lampshade with unique, transparent glass artwork
- H 25 cm x W 25 cm x D 15 cm

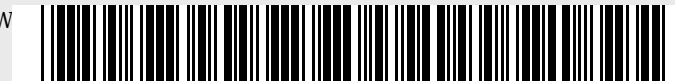

The Lumps wall lamp, from the BePureHome collection, is a unique piece. The striking shade is made of transparent glasswork art. This retro look fits right in with today's interior trends. Thanks to the spherical pattern, the light is diffused playfully, adding an extra dimension to your living space.

Material

The glassware in our collections is shaped in various ways; by hand/mouth-blown or by machine. The artisanal glasswork ensures that each item is unique and slight unevenness may occur in the collections. The colouring of transparent glass is done at an early stage of the process, an opaque colouring of the glass is done after the glass item is fully formed and cooled down. Organic colourings are used for our colouring techniques at all times.
